

GOVERNMENT REFUSES TO VACATE INJUNCTION WHILE STRIKE LASTS

Suggestions of Labor Leaders That Strike Might be Arbitrated if Injunction is Vacated Refused

The Strike is Violation of the Law Says Attorney General, and Will be Opposed as Long as It Lasts

RALPH COUCH

(United Press Staff Correspondent) Washington, Nov. 5.—The Federal government flatly refused the suggestion of labor leaders that the coal strike might be ended if the Indiana injunction were vacated denouncing the strike as a violation of the law. Assistant Attorney General Ames announced the government determined to proceed against it in the court as long as it continues.

His statement given in direct response to one from Samuel Gompers, President of the A. F. of L. who declared that if the injunction were vacated he had an "abiding faith" that a negotiated peace could be arranged between strikers and operators.

Ames' utterances were considered an indirect reply to the hints which have come from other labor leaders, an intimation that abandonment of the government injunction suit would lead to arbitration. It had a shattering effect on the peace talk which has been going around Washington for more than one day.

The coal strike is a violation of the law, asserted Ames. "As long as it continues we will continue to proceed against it."

This dispute between mine owners and workers is an entirely different question which they can settle in their own way. The government cannot tolerate continued violation of the law as long as the strike constitutes. The Indiana injunction apparently would be the principle obstacle to arbitration. Samuel Gompers has declared that if the injunction is vacated he feels certain operators and miners would get together.

Attorney General Palmer stands firmly against any move to abandon the injunction. His representatives will go before Judge Anderson Saturday and make every effort to have the order made permanent.

The government went ahead with

preparations for a stubborn siege possibly lasting into the winter. Coal was being seized and rationed to industries and railroad stores and it was being guarded under the embargo against exports.

The senate had before it Senator Kenyon's resolution asking President Wilson to name a commission of three to settle the strike.

Strike Affects Railroads

At the White House it was understood the government is standing firmly on the proposition declaring miners must return to work before abandonment of the injunction. A deadlock now exists.

The coal strike is already beginning to affect other classes of workers according to W. C. Lee, head of the brotherhood of railroad trainmen. Lee today said:

"Many hundreds of railway workers have been laid off and on part time as a result of the strike. One railroad has cut down to the barest minimum of dead weight freight and is carrying only perishables and necessities."

Italian Railroads Affected

Rome, Italy, Nov. 5.—The first effect of the American soft coal miners strike to be felt in Italy will be the postponement of additional railroad service which the government planned to inaugurate.

The Italian coal fleet was transferred from English ports when the English coal miners strike caused a reduction in exports from that country.

Fight to Finish

Springfield, Ill., Nov. 5.—"It looks like a fight to the finish," this was the statement of Frank Farrington, state president of the miners organization, when shown a United Press dispatch stating that the government intends to stand by the injunction issued in Indiana.

One Soldier Killed in Coal Fields

Nashville, Tenn., Nov. 5.—One soldier has been killed and another wounded in the coal fields near Knoxville, according to word received at the capital today. The man who was killed was a United States regular and the wounded man was a member

DR. STERLING RUFFIN

Dr. Sterling Ruffin, who is one of the consulting physicians in the president's illness, is one of the best known and most successful general practitioners in the country.

of the state militia. Confirmation of the report was received from Adj. Gen. Sweeney. No details were given. The men were on duty in the coal region.

Women Pickets Lay Down Barrage of Red Pepper

And Sheriff and Several Deputies are Casualties as a Result

(By United Press) Youngstown, Ohio, Nov. 5.—Sheriff Norris and four deputies are casualties as a result of a barrage of red pepper used by women pickets at the Youngstown Sheet and Tube company. Upon learning women were gathered at the gates of the mill Norris and twenty deputies hurried there. They were met with a volley of red pepper. A number of the women were arrested.

Blinding Snow Storm on Superior Delays Navigation

(By United Press) Port Arthur, Canada, Nov. 5.—Wireless reports from steamers outside of Thunder Bay early today reported a blinding snow storm still raging through which it is practically impossible to make any head way. About fifteen boats, many of them downward bound with grain, together with Canadian Pacific passenger service steamers also down bound and the Northern Navigation company fleet up bound, are lying behind the island.

Prospect of Vote on Treaty Looks Brighter

(By United Press) Washington, Nov. 5.—Hope of a final treaty vote in the senate by Nov. 5 appeared brighter today. Although all effort of leaders on both sides to forecast action have been unsuccessful thus far, many said that they were confident the treaty fight would collapse within a few days. Democratic leaders made it clear they will not permit the treaty to be railroaded through and will prefer delay to acceptance of objectionable reservations.

There seems to be a feeling that some of the biggest men on the opposite side are working toward some kind of an understanding. Senator Reed was expected to speak today on the LaFollette amendment to strike out the labor clause.

LaFollette Amendment Defeated Washington, Nov. 5.—The senate today defeated the LaFollette amendment to strike out the labor clause from the peace treaty. The vote was 17 to 34.

Anti-Bolshevik Forces Retreating

(By United Press) London, Nov. 5.—Bolshevik forces occupied Jai-China on Sunday according to reports from Helsingfors. Bolshevik wireless reports claim General Yudenitch was retreating along the entire battle front.

Bandits Shoot Retired Merchant

Thought He Had Large Sum of Money From Property He Sold

(By United Press) Watertown, N. D., Nov. 5.—Possibly scoured the country around Nov. 3, 19 miles west of Watertown for the masked bandits who shot and killed Ernest Schooner, a retired confectionery owner, last night. Schooner had just sold his property and the bandits evidently thought he had a large sum of money in his home, which they entered while the family was away. The bandits encountered Miss Lamb, a roomer, and demanded the money. Just then Schooner returned home and when he refused to hold up his hands the bandits fired three shots, one entering his heart causing instant death.

Bank Robbers Busy at Peoria

Secure \$20,000 in Cash of the Farmers and Merchants State Bank

(By United Press) Peoria, Ill., Nov. 5.—After forcing the cashier and other employees of the Farmers and Merchants State Bank of Peoria, a suburb of Peoria, into the vault, five masked men today robbed the bank of \$20,000 in cash. They made their escape in an automobile.

Third Robbery in Two Years

Peoples State Bank of Minneapolis Again Experiences Hold Up and Robbery

(By United Press) Minneapolis, Nov. 5.—For the third time in two years the Peoples State bank here was robbed in a daylight holdup shortly after noon today, by two bandits who escaped with \$5,000 in currency and bonds. The cashier and assistants were the only ones in the bank. They were locked in the vault. They set off the burglar alarm from within summoning the police. \$5,000 in bonds were overlooked.

Young Man Accidentally Shoots and Kills Mother

(By United Press) Mayville, Wis., Nov. 5.—John Fritz, age 22, was in custody today after having given himself up following the accidental shooting of his mother, Mrs. John Fritz, on their farm near Theresa. The youth was shooting sparrows and a shot went through the window and struck the mother in the breast killing her instantly. She was preparing supper.

Senate Committee Ends Hearing on Military Bill

(By United Press) Washington, Nov. 5.—The senate military committee hearing on the reorganization program of the army will be concluded with the testimony of General J. Pershing. Many changes in the so-called wartime recommendations on which hearings have been passed will be made. It was indicated by members of the committee. Chief among these will be the elimination of the compulsory universal training of young men at the age of nineteen years. General Pershing urged "Reduction in the strength of national army and adoption of a more extensive aviation program."

TWO DIE IN HOTEL FIRE

Third Person Severely Injured at Belmont, Manitoba

Belmont, Man., Nov. 4.—Two lives were lost early yesterday in a fire which destroyed the Trafalgar hotel here, and a third person was severely injured. The bodies of Joseph Thompson and Hilda Johnson, employees, were recovered from the ruins. Many persons escaped in scant attire.

DUKE OF NORTHUMBERLAND

The duke of Northumberland, who is the new president of the Royal English Institution and captain in the Grenadier Guards.

Teddy Roosevelt Has Double Triumph

Wins First Political Race by Large Majority and Becomes Father Again Same Day

(By United Press) Oyster Bay, N. Y., Nov. 5.—While Nassau county voters were giving Lieut. Col. Theodore Roosevelt the largest majority ever rolled up, a son was born to Mrs. Roosevelt. The youngest Roosevelt was named Quentin in honor of its aviator uncle who gave his life in France. Roosevelt's running has defeated Elias Raff, democrat, a returned soldier by 2,500 votes. It was Roosevelt's first political race.

The baby arrived not many hours after Mrs. Roosevelt had attended her husband's campaign rally the night before. Quentin is the fourth child. Mrs. Roosevelt formerly was Miss Eleanor Alexander.

President Congratulates Mass. Governor on His Re-Election

(By United Press) Washington, Nov. 5.—President Wilson today telegraphed Governor Coolidge of Massachusetts, republican, congratulating him on his reelection. The text of the telegram was as follows: "I congratulate you upon your election as a victory for law and order. When that is the issue all Americans stand together. Woodrow Wilson."

First Meeting of League Held in Paris

(By United Press) Paris, Nov. 5.—The supreme council today decided the first meeting of the league of nations will be held in Paris immediately after the treaty becomes effective.

PETROGRAD NOW IN FAMINE'S GRIP

Only 400,000 Persons Remain in Russian Capital—40,000 Die in Thirty Days

Helsingfors, Finland, Nov. 4.—Petrograd has been without bread for the last two weeks, thousands of persons lying daily, according to information brought to Helsingfors by a Finn who escaped from a prison camp at Moscow on October 12.

The population of Petrograd has fallen below 400,000 he said. The schools were closed owing to lack of fuel, while the price of foodstuffs were so high as to be entirely out of reach of the poor. Herring were bringing 200 rubles each, and potatoes 110 rubles the pound. Milk was 40 rubles the pint, and meat was unobtainable.

The latest reports from the army of General Yudenitch declare that he is steadily advancing on the entire front before Petrograd, and to the south, his right flank being protected as the result of the progress made by the Estonians.

Early in General Yudenitch's campaign for Petrograd it was reported that Krasnaia Korka had fallen but the reports proved untrue.

REP. GOVERNORS ELECTED IN KENTUCKY AND MASSACHUSETTS

Gov. Coolidge's Denunciation of Boston's Police Strike Was a Factor in His Big Majority

Ohio Dries Win on All Questions Submitted to the Voters of the State

Two republican and two democratic governors were chosen in yesterday's election. Complete returns today indicate while the battle in the fifth state was close, both sides claim victory.

Governor Calvin Coolidge, republican, was re-elected in Massachusetts over Richard H. Long by an overwhelming majority. The Boston police declare the strike denounced by Coolidge figures prominently in his campaign. Edwin P. Morrow, republican, defeated Governor Black, democrat, in Kentucky, after a hot campaign in which ratification of the peace treaty in its present form was an issue. Mississippi elected Lee M. Russell, democrat, governor, by its usual democratic majority.

Edward I. Edwards, democrat, opposed to prohibition, apparently has defeated Newton Bugbee, republican, for governor in New Jersey.

Both sides claimed victory today in the Maryland election. Albert C. Ritchie, democrat, carried Baltimore by 1,700. Republicans claimed their candidate, Harry Nice, has wiped out this lead in the country district.

New York City in municipal and county election, defeated Tammany for a majority of important offices. J. Newburg, republican, defeated Irwin Untermyer, democrat, for supreme court justice in the central fight.

Ohio dries triumphed over the wets on the question to repeal the state prohibition amendment and Ohio's ratification of the federal amendment.

Morrow's Plurality Louisville, Ky., Nov. 5.—Edwin Porch Morrow, republican candidate

for governor of Kentucky, won his fight yesterday against Gov. Black who made his fight on ratification of the peace treaty and league of nations.

It was in this territory the democrats have a record of victory in the past elections with a majority of 4,000. Republicans said today their majority would be approximately 25,000. Late election returns showed the republicans had elected fifty three representatives against forty for the democrats. The wets encouraged by the defeat of Black, who was known as the dry candidate, still were hopeful that the final figure would swing the state into the wet column.

Close Contest in Maryland Baltimore, Md., Nov. 5.—A Ritchie, democrat, for governor, was leading Harry Nice his republican opponent, by 700 votes this afternoon. Only estimated returns were available in eight counties.

Admits Edwards Election Trenton, N. J., Nov. 5.—State Comptroller Newton Bugbee, republican, admitted the election of Edward I. Edwards as governor of New Jersey in a statement this afternoon. Indications were Edwards won by a majority of 20,000.

Arneson Files for Lieut. Governor

(By United Press) St. Paul, Minn., Nov. 5.—Oscar Arneson, for several years clerk of the Minnesota legislature, today filed for the republican nomination for Lieut. Governor. This opens the campaign for state offices which will be terminated next November.

French Aviator Who Has Started to Fly Around the World

Flying across the Atlantic and the American continent are praiseworthy feats, says the French aviator Poulet. But he has greater ambitions. He has started out to fly around the world. He is seen here, at left, with Benoit, his mechanic, just before they left

France. Bad weather forced Poulet down after his first start, but he is making bets with himself and his acquaintances that he will fly around the globe. Melbourne, Australia, was his first objective.

King Albert With Wreath He Placed on Theodore Roosevelt's Grave

The most democratic monarch in the world, King Albert, king of the Belgians, is seen here paying tribute to the memory of Theodore Roosevelt, one of the staunchest defenders of democracy. This photograph was made as King Albert, carrying a wreath, was approaching the Roosevelt plot in the Youngs Memorial Cemetery at Oyster Bay, L. I. He placed the wreath on Roosevelt's grave. With the king is Lieutenant-Colonel Theodore Roosevelt

UNCLE SAM DOESN'T FEAR ALIEN REDS

THEY DON'T NUMBER MORE THAN
50,000 AND CAN BE ROUNDED
UP IN QUICK ORDER.

ARE WORST IN LABOR UNIONS

Radicals Are Responsible for Nearly
All the Present Strikes—Farmers
and Women Are Two Great Influences Against Them.

By JAMES P. HORNADAY.
Washington.—The government is tightening its grip on the alien reds. The intelligence force in both the army and the department of justice believes there are not to exceed 50,000 dangerous aliens now in this country. The intelligence officers know where nearly all these 50,000 live and carry on their red propaganda and could round them all up in short order if directed to do so. The extension of the war powers of the government with respect to dangerous aliens for another year will, it is believed, enable the authorities to cope quickly and effectively with the groups of men made up of bolsheviks, I. W. W.'s or out-and-out reds or anarchists. The men who are best informed on the subject of the number and activity of radical aliens say that there is not the slightest reason for the people of the United States to be greatly concerned over some of the recent manifestations.

"These 50,000 men can make a lot of noise and they can, unless held in check, make a lot of trouble by getting into the labor organizations and then 'boring from the inside' as they call it," said one of the government investigators. "This is the channel through which they are working at this time. We have plenty of evidence to the effect that during the war or about the time bolshevism came to the front in Russia, the radicals in this country set out to get into as many of the labor organizations as possible, believing that they could do more to further their cause through labor organizations than in any other way.

Instigate the Strikes.
"Nearly every strike that is now taking place is due primarily to this 'boring from within' by the radicals. The movement has been uncovered and we are reliably advised that organized labor does not propose to be used in this way any longer."

According to the information gathered by the agents of the intelligence division of the war department the reds do all their planning through groups. They have no central organization.

There are two kinds of groups, the government's information reveals, the parlor radicals, so called, and the ignorant aliens. The former are carefully planned with the view to escaping responsibility should the hand of the law reach out for them, while they put the ignorant aliens forward to agitate and act. Just now the government agents are making a special drive to get hold of a large number of parlor radicals. As fast as it can lay hands on them they will be deported, provided they turn out to be aliens, and at least 95 per cent of them, it is asserted, are aliens. The responsible governments of the world have determined to stamp out the red movement.

Two Saving Agencies.

No man can travel over this country with his eyes open and not reach the conclusion that the country is all right at heart. A man who came in the other day after a wandering tour that had taken him pretty much over the country, made this observation: "It is true that there is a lot of unrest. We have within our borders a good many men who would substitute force for the ballot. If they could, but there is no use worrying about those people. If

they ever attempted anything in any community the people of that community would quickly rise up and say, 'This thing must stop,' and it would stop. My judgment is that we have two saving influences in this country that stand out conspicuously, the farmers and the women."

There is now a thorough understanding among the governments that were associated with the United States in the war to the effect that the radicals who would resort to force must be crushed. The supreme council in Paris, through which the armistice is being enforced pending the ratification of the treaty with Germany, has, as the dispatches have noted, decided to put bolshevik Russia in a cage, so to speak. It purposes to prevent the bolsheviks of that country leaving it or trading with other countries. As soon as the League of Nations comes into being it will be the organization through which the member nations will deal with the radicals. Attention has been called to the fact that the first paragraph of the League of Nations covenant stipulates that "in order to promote international co-operation and to achieve international peace and security," the league is to do certain things, among them see that international law is the actual rule of conduct among governments, and maintain justice "in the dealings of organized peoples with one another." The view held at the state department is that the League of Nations will certainly regard bolshevism as a menace to the peace of the world and will deal with it accordingly.

Humane Muzzle.

A humane muzzle for dogs enables an animal to open its mouth as long as its nose is pointed toward the ground, but closes as it raises its head.

IT PAYS TO ADVERTISE

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your finger. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back, joints, sprains, sore muscles, bruises, chilblains, frostbites, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use. 20c and 50c jars; hospital size \$2.50.

WOMAN'S REALM

Sophomore Class

The Sophomore class had a masquerade on Halloween at the K. C. hall. Various costumes were worn by those who attended. A ghost who stood at the head of the stairs compelled everyone to show their admission cards before anyone was allowed to enter. O card with a number on it was hung about the neck of each one. Then they were escorted to the dressing room.

Before passing into the hall everyone received a thorough "shock."

A short program was given including a ghost story by Miss Scott which nearly took people in the spirit world and a dance by five pumpkins who afterwards proved to be none other than Lonetta Hayes, Marion Templeton, Tina Backen, Cecil Morrison and Dorothy Fisher, with Alice R. Johnson at the piano.

Half of the cards which were distributed were numbered twelve, and the other half thirteen. After the program all those with number twelve were placed on one side with Miss Angel as captain. Those with thirteen were on the other side with Mr. Bacon as captain. Then followed a number of races, marshmallow race, peanut race, pillow race and several other races. Number thirteen is always thought of as an unlucky number, and it certainly proved true in this case. The twelve won all the races except one.

Two charming fortune tellers, Mrs. Husted and Miss Seallan, occupied a tent in one corner of the room and made many of the guests happy by telling them pleasant events of the future.

Mrs. Marker proved as limber as a child in jumping rope. One of the girls found it hard to tap her head and rub her knee at the same time. One displayed her skill at jiggling, and another sang a medley.

A dainty luncheon was served consisting of salad, sandwiches, pumpkin pie, apples and coffee.

Later in the evening all joined in the grand march which showed to good advantage all the beautiful costumes and colors.

Freshman Party

The high school auditorium Saturday night, was the scene of a Freshman party. The crowd arrived at 7:30 o'clock dressed in their hard-time clothes. Each was compelled, before entering, to make a paper cap. Then a fashion show took place in the form of a grand march.

Much laughter was caused by a race in which Miss Angel, Mr. Marker, Miss Tornstrom and Mr. Bacon were the participants. The crowd was divided into twelve groups according to their birthday months and each group, beginning with January, marched to the platform and put on a stunt. The June people won a two pound box of home-made fudge with their mock wedding.

The fun was ended with a series of tableaux followed by a light supper served by a committee of Freshman girls.

"Toe Social"

Come one, come all, to a "Toe Social" Nov. 13th, at Sutton's school, Dist. No. 15. Program by Minute Men. Liberty girls will serve supper.

Oct. 29—John H. Cable, Ramsey county, and Ida Ohm.

Oct. 30—Richard Jotham Warner and Rose Mary Guilmette.

Christian Americanization

The Woman's Home and Foreign Missionary society of the Methodist church will meet in Parlor A of the church at 3 o'clock on Thursday afternoon. The topic for study will be "Christian Americanization." Important business will come before the meeting and all are requested to be present.

Measure of Greatness.

Great men, great events, great epochs, it has been said, grow as weeds from them; and the rate at which they grow in the estimation of men is in some sort a measure of their greatness.—Principal Shalrp.

How Starfish Eat.

All the starfish fasten themselves to the matter they wish to devour, turn their stomachs inside out, and engulf their prey. It doesn't sound pretty, but it's effective, and that's all the starfish care about.

Root of Generosity.

He who gives what he would as readily throw away gives without generosity; for the essence of generosity is in self-sacrifice.—Henry Taylor.

Two Fatalities.

The freight train caused the explosion by hitting a truck loaded with acetylene tanks. The truck and driver was killed.—Buffalo News.

Four Into One.

"A monthly holiday, closed all day every Wednesday is also to be observed from April to September."—Glasgow Evening Times.

Catarrhal Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All druggists. 75c. F. J. Cheney & Co., Toledo, O.

This poster, used in the Third Red Cross Roll Call throughout the United States, was painted by Haskell Coffin, and is intended to typify the Red Cross worker asking assistance that the Red Cross may carry on its peace time work.

TOGS FOR KIDDIES

Ready-to-Wear Clothes Have Many Advantages.

Mothers Prefer to Rely on Garments Which They Believe Look Better Than Those They Make.

Each season, assert the shopkeepers, there is more and more demand for ready-made clothes for children. Not that there are more children, but that more mothers are relying on the ready-to-wear garments, which are really so much better looking than anything they can fashion at home without spending a good deal of precious time in the process. Even if the modern mother is a good needlewoman she finds that fine sewing is the least requirement. Styles in children's clothes change rapidly nowadays; the same models are not worn year after year as they used to be. One does not recall these frantic style changes in one's own childhood. There was the long-waisted frock with a sash or a low-placed leather belt. And there was the plaited skirt with a sailor blouse. And there was the guimpe dress. Almost all frocks for little girls kept to these fundamental principles.

It is interesting to watch the style developments in raiment for small girls. Features that are the fads of one season usually appear the next season as salient points of juvenile garb.

Why this is, no one quite knows; but it is so. Frocks for little girls this autumn show over-the-waist bodices, tied at the back in a sash. They show long over-blouses with fringe at the edge. They show straight lines and loose belts and sashes and round necks edged with plaited frills. Everyday frocks are of serge, of wool jersey, of tricotine, and the favored trimmings are buttons, braid, angora wool, silk embroidery and loop fringe. Taffeta and even satin dresses are shown for girls from seven to twelve years old; and the taffeta frocks, particularly, are quaint and charming in their soft, bright colors and childish style.

One blue poplin model is an excellent choice for autumn school days. It is a little more substantial in weight than a tub frock, yet is not so heavy and warm as an all-wool costume. It fills in the gap between summer and winter admirably—though, of course, it must be supplemented by several tub dresses for wear on those sultry days.

that always come. This blue poplin model might be developed successfully in taffeta, with lace or hand-embroidered collar and cuffs for formal occasions; the blue poplin, with its collar and cuffs of the material and neat white lawn vestee, is an ideal school frock.

BLACK CREPE DE CHINE GOWN

Accordion pleated, begins at the bust line and is nipped at the waist by a crushed moire girdle, then three tiers ripple at will from hip to ankle. All this is in striking contrast to the very transparent bodice of chiffon and lace.

To Tell Age of Fish.

Year rings on the scales of fish are used in Norway and France to determine the age of sardines, whether they have reached their full growth and when they will spawn.

Keep Tacks in Jars.

Save all small glass jars. One good use for them is to keep tacks, screws and small nails in. It will save time when looking for a particular kind.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

In the Arctic Circle.

Wherever American soldiers went during the war and after, there also went the American Red Cross. This policy carried Red Cross workers to far corners of the globe and here they are seen near the rim of everlasting ice and snow in North Russia. Automobiles were used whenever possible but on many journeys the reindeer pictured here proved most effective.

POET WAS ERRATIC GENIUS

Thomas Chatterton Did Marvelous
Work Before His Suicide at the
Age of Eighteen.

That marvelous boy poet, Thomas Chatterton, a youth with wonderful attainments but whose genius was erratic, died before he was 18 years old, on Aug. 25, 1770, by taking arsenic "in anticipation of a slower death by starvation."

From his earliest childhood, Chatterton had a ghastly familiarity with the idea of suicide, and among his papers preserved in the British museum is a last will and testament. "Executed in the presence of Omnipotence, the 14th of April, 1770," full of the wildest wit and profundity. While there is a peculiar interest to all he wrote, he is best remembered as the author of the so-called "Rowley Poems," which number nearly four-score, "Kilnour and Tugs" being the only one which appeared during the lifetime. Some of them possess that beauty of imagination with which we associate the work of Keats and Coleridge. These poems, as well as Rossetti and William Morris, owed much to Chatterton.

During the last few months of his life he worked with a hundred hands and poured forth satiric poems, political essays, burlesques, letters in the style of Junius, and meditated writing a history of England. For a time his prospects seemed to brighten, and while many editors were willing to use his articles and gave him praise, few were willing to pay for them.

OLD PAPERS—5c BUNDLE

HEAD STUFFED FROM
CATARRH OR A COLD

Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

BETTER THAN CALOMEL

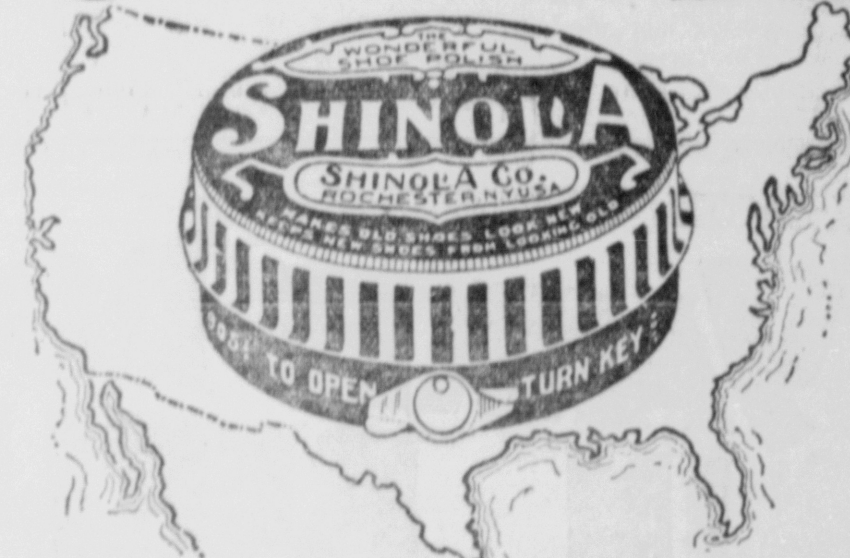

Thousands Have Discovered
Dr. Edwards' Olive Tablets
Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

SHINOLA

AMERICA'S HOME SHOE POLISH

The Nation's Shine

MEMBER ORGANIZED 1917

WEDNESDAY, NOVEMBER 5, 1919

POST-DATED CHECKS

The supreme court of North Dakota consists of four members of the Non-Partisan league, and three of these decided against Attorney General Langer in the proceedings against the Scandinavian-American bank of Fargo. The chief justice, who is not a Non-Partisan, and one judge who is, dissent from the decision of the three. It is a three to two decision, which indicates that Langer is at least upheld by the chief justice and one of the associated justices. The three Non-Partisan judges decide that post-dated checks and notes are good negotiable paper, which is an opinion that will not be sustained by any other supreme court of any state.—St. Cloud Journal-Press.

PAN MOTOR CO.

The Pan Motor Co. of St. Cloud is on the grill in federal court before Judge Landis of Chicago. For some time the side of the prosecution will be heard. The defense will have its inning later.

In the meantime, the public is being treated to an expose by the government of advertising methods in vogue to boom Pan products.

If found not guilty of charges made by the government, the Pan Motor

Co., through its trial in federal court and the daily reports sent out, will have received the greatest advertising and "boost" in the history of any corporation.

COAL PILE FADES

Reports of the strike indicate both sides to the controversy, miners and operators, standing firm.

In the meantime the public suffers and the coal pile fades. The ultimate consumer, who pays all the bills in the end, whether wages go up or coal increases, seems to have little to say.

His time is spent in looking at his fuel bin.

Some day the ultimate consumer will unite, and their power will be felt.

INDIAN SUMMER

Minnesota's normal supply of Indian summer was sidetracked, it appears. One scarcely had opportunity to admire the glorious colors of autumn before winter thrust its white garments upon the scene.

In short, squaw winter has succeeded Indian summer with the rapidity of a dissolving view in the movies.

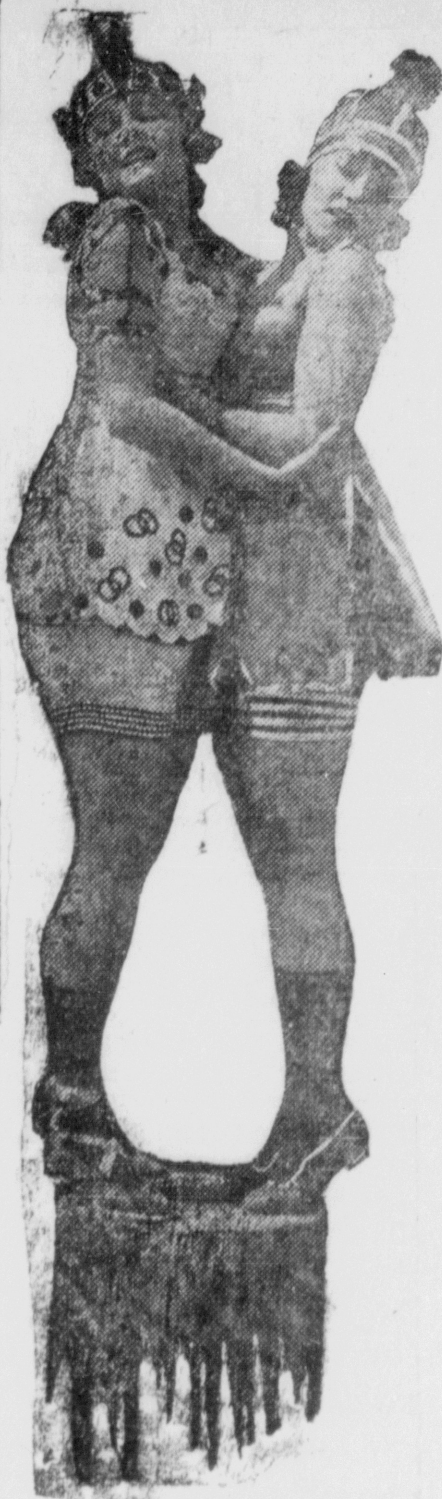

At that, no one should object, for Minnesota had the most perfect, crop-perfecting summer in years.

They Get Action at Once

Foley Kidney Pills invigorate, strengthen and heal inactive, weak and diseased kidneys and bladder. Mrs. O. J. Ellis, 505 8th Av., Sioux Falls, S. D., writes: "I suffered with kidney trouble; used to have severe pains across my back and felt miserable and all tired out, but after taking Foley Kidney Pills I am well." H. P. Dunn. mwf

Why Londoners Rise Late.

There is one point in defense of London's dislike of early rising, writes a correspondent of the London Chronicle. It is largely a matter of geography, and Greenwich time has a real business value. It enables the Londoner in his working hours to be in touch with more than half the world on the same day. When he gets down to his office in the city at 10 a. m. the business man has the afternoon prices from Bombay or even from Peking, on the one hand, and before he returns home for dinner he has learned the morning news of the American markets. The New Yorker has to rise early, for even when he opens change at 8 a. m. it is already afternoon in London.

IT PAYS TO ADVERTISE

AMUSEMENTS

HOUDINI A FILM STAR

Serial With Handcuff King to be Shown Here

Houdini has finally succumbed to the lure of the films, and will make his debut on the screen of the Best theatre today and tomorrow when the first episode of "The Master Mystery," B. A. Rolfe's fifteen chapter serial, will be shown.

"The Master Mystery" is not in the nature of an expose of the famous Houdini feats of self liberation, but a thrilling mystery story by Arthur B. Reeve and Chas. A. Logue, in which Houdini performs not only elaborations of the stunts that made him one of the highest salaried performers in vaudeville, and gained for him the title of the handcuff king, but many new thrilling feats as well.

It is unanimously conceded by critics that the choice of vehicle for Houdini was a most happy one, and that "The Master Mystery" eclipses anything ever produced in serials.

As the picture consists of fifteen chapters, the Best will show a new episode every Wednesday and Thursday for fifteen weeks.

"CAPTAIN KIDD, JR."

Mary Pickford Has Fine Role in Popularization of Famous Stage Success

Once before has Mary Pickford played a Scotch role—in "The Pride of the Clan," one of her most popular Arcturion pictures. In "Captain Kidd, Jr." her new photoplay which will be shown at the New Park theatre soon, she is again Scotch, but transplanted from the heather to somewhere in America, as the granddaughter of August MacTavish, keeper of a curio and bookshop where the buried treasure, which is the basic idea of the story, is first noised about.

And Mary is said to be the most winsome, close-listed, lovable and at the same time, irritating little person you would find from one coast to the other. She keeps Jim Gleason, engaged in writing a novel, dangling till the very end. And she is a demon at a trade—so that when the book with the secret plan of the buried treasure appears, she is one of the foremost in arranging for the search which takes them to Cabbage Center—and thereafter the tale is one of the most engrossing, amusing and whimsical character.

On the stage, this play by Rida Johnson Young was a great success. In the films with Mary Pickford in the lead it seems destined to create even a greater furore, to judge by the reports emanating from the studio where it was recently completed by William D. Taylor. Frances Marion adapted the comedy to the screen.

At the Park Tomorrow

To provide the evening influence of humor applied to a subject which

has torn the heart strings of the whole world, was the object of Mack Sennett in producing "Yankee Doodle in Berlin," his five part comedy which will be seen at the Park theatre tomorrow, Nov. 6th, in conjunction with the personal appearance of a bevy of his famous bathing beauties.

Out of the millions of feet of film turned out with the great world war either as its central motif or as the background of its story, it remained for this five thousand feet to do for the films what Bairnsfather's cartoons did for the newspapers—to give the touch of humor, the thrust of satire and the broad attack of burlesque to the tragedy which, unrelieved, might well undermine the sanity of the nations.

And, not content with having provided this safety-valve for the consciousness of the nation, Mr. Sennett conceived the plan of sending out with it some of his most beautiful girls. Girls who have appeared in scores of his pictures and whose attractive faces and forms have won scraps of admiration from blasé picture audiences all over the world. His object in doing this was two-fold. First, he wished to grant the thousands of requests that his beauties be shown in person, and, second, he wished to add his mite to the sermon of clean living, exercise and fresh air as an aid to the upbuilding of the health and beauty of the nation.

"Yankee Doodle in Berlin" and the Sennett Bathing Beauties will be on view at the New Park theatre Thursday, Nov. 6th.

BRACE UP!

Do you feel old before your time? Is your back bent and stiff? Do you suffer urinary disorders? Don't despair—profit by Brainerd experiences. Brainerd people recommend Doan's Kidney Pills. Here's a Brainerd resident's statement.

P. M. Bislar, machinist, 412 S. Twelfth St., says: "I had occasional attacks of kidney trouble for some years. They always began with a lameness across my back and developed into a constant dull ache. My kidneys would then act irregularly and the secretions contained a heavy sediment. A physician here said I could use nothing better than Doan's Kidney Pills. I procured some at Dunn's drug store. I am now entirely cured." (Statement given September 1, 1918.)

Over nine years later, or on November 5, 1917, Mr. Bislar said: "I have every bit as much confidence in Doan's Kidney Pills as when I gave my former endorsement. Sometimes when I have caught cold, I noticed a slight return of the trouble and I have always used Doan's Kidney Pills and they never fail to give me prompt relief."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bislar had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

YOUNG LAD DEAD, HUNTING ACCIDENT

Wilmer Stearns Accidentally Shot by Young Nymman in Island of River Near Riverton

SHOT GUN CHARGE IN HIS HIP

Seven Hours Before Medical Aid Could be Given Stearns, Funeral to be at Brainerd

Accidentally shot in the hip, the hip, the shotgun charge striking from knee to hip, Wilmer Stearns, age 16, son of William Stearns of Riverton, suffered terribly until medical aid could be given seven hours later. The accident took place Saturday afternoon and he died late Tuesday.

Stearns and one Nymman, a lad of his age, were hunting on an island in the Mississippi three miles south of Riverton. The shotgun was accidentally discharged and struck Stearns.

The dead boy leaves his parents, two sisters, Lillian and Ivy, two brothers, George and Elmer. The family lived in Brainerd some years before removing to Riverton. The remains have been brought to Brainerd and the funeral will be held Thursday afternoon at 2 o'clock from the Presbyterian church, Rev. W. J. Lowrie officiating.

The sympathy of the community is extended to the bereaved family.

Card of Thanks

We wish to thank our many friends and neighbors for their kindness during the illness and death of our beloved mother, and also for the many beautiful floral offerings.

THOS. T. BLACKBURN,
H. C. BLACKBURN,
FRANK T. BLACKBURN.

Forerunners of Sickness

Indigestion and constipation are the forerunners of half the ills of mankind. When food is properly digested, you are free from biliousness, yaws, bloating, sick headache, sour stomach, coated tongue, Foley Cathartic Tablets cleanse the bowels, sweeten the stomach and invigorate the liver. H. P. Dunn.

NEW GAME LICENSES

Received by County Auditor C. W. Mahlum. Can be Secured Now Instead of Opening Season

New game licenses have been received by County Auditor C. W. Mahlum. They cost \$1 each for the native resident Minnesotan and \$50 for the foreign hunter, who comes to Minnesota just for the hunting.

The old law compelled the issuance of the licenses three days before the hunting season started and not before, and the result was an awful congestion and the county auditor's force overworked to supply the demand.

Under new regulations you can get your license now. The deer season opens November 15. There is lots of snow underfoot so hunters will be able to track game with ease.

POWER COMPANY TO BUILD THIRD DAM

Cuyuna Range Power Co. to Use Old Towers and Cables Used in Erect Pillager Dam

BUILD NORTHWEST OF STAPLES

Line Also Being Built From Pillager to Little Falls to Assist Power Company There (Pillager Herald)

Workmen are busy at the Pillager dam of the Cuyuna Range Power Co., tearing down the towers and cables crossing the river which were used in building the dam. This material will be shipped in northwest of Staples where the power company will erect another of their large cement dams across the Crow Wing.

They now have dams located at Pillager and another six miles below the village and one of the largest enterprises of their kind in this part of the state, furnishing light and power to the Cuyuna mines, Brainerd, Pillager, Motley and other places.

A line is now being built from Pillager to Little Falls to assist the power company there with electricity.

BRAINERD FEELS COAL SHORTAGE

Brainerd Model Laundry Has No Coal and is Now Burning Sawdust and Shavings

GOVERNMENT TAKES OVER COAL

Federal Orders Effective at Midnight Nov. 5—Some Coal "Spotted" Today

Coal supplies are running short in Brainerd. The town never had more than six days supply for advance needs on hand.

The first industry to feel the pinch of coal shortage is the Brainerd Model Laundry which employs many people and serves Brainerd and a large territory. It is the only laundry in Brainerd.

The laundry is now burning sawdust and shavings, but the supply of these is limited.

As to cordwood, the farmers are slow to bring in much. The railway shops coal supply is independent of that secured by the city.

According to railway advices the government takes charge of the coal situation at midnight Nov. 5. There is no coal in the yards, so there will be no need to compile any figures of coal on hand, as is required of station agents of the Northern Pacific company.

The schools have a fair supply of coal on hand.

BRAINERD'S ODDEST STORIES OF TODAY

This is a story, true, really true, that happened one night when a cinder car caught on fire at the shops and the whistle blew fifteen minutes at the midnight hour until the shop fire department was routed out of bed.

A Brainerd man, well known shop worker, was awakened by the long blast and raced down stairs in his pajamas and burst in upon his daughter as she was entertaining her beau.

Both were surprised and the beau was almost scared to death by pa's sudden entry, and he made his exit in short order.

"Why father," said his daughter, "what's the matter?" "Matter," said father angrily, "here it's breakfast time and the shop whistle blowing and you're still sitting with your company."

Then the girl burst into tears and said: "It's a wonder you wouldn't look at your alarm clock before scaring my beau away."

TROMMALD

Trommald, Minn., Nov. 4—Gus A. Raymond entertained the "Owl" club Saturday night.

The "Merry Ramblers" met at the home of Mrs. L. W. Merritt on Thursday afternoon.

Wilfred Jarvela has found employment at Big Falls where he will work for a lumber company.

The dance at Warren's store was a fine one. The entertainment committee included Leo J. Frazer, R. H. Warren, L. W. Merritt, Wilfred Jarvela and Fred Sargent. There was dancing, singing, card playing, etc., followed by a good, old-fashioned lunch.

The Red Cross chairman of the third drive for memberships is R. G. Harte.

MANGANESE

Manganese, Minn., Nov. 4—R. Marsh has moved into one of John Wahl's houses on South Manganese street.

Marcus Grande was home from Cloguet for a few days.

Linda Laughton has bought a gray mare from Ed Laughton.

I. C. Dimmick has moved into his new residence.

Small lakes are frozen over. Mike Setter has built an addition to his house.

Wolf tracks are numerous, indicating a lot of them in this vicinity.

I. Dimmick is the local chairman for the third Red Cross membership campaign.

When a Child has Croup

Thousands of mothers say Foley's Honey and Tar Compound is the best remedy they know for croup, coughs and colds. It cuts the thick, choking mucus, clears away the phlegm, opens air passages and eases hoarseness. The gasping, straining fight for breath gives way to quiet breathing and peaceful sleep. H. P. Dunn.

Especially the Goat.

"What is your pet peeve?" "My wife's pets."

MISSIONARY SOCIETY

Thank Offering Meeting Held Monday Afternoon by First Congregational Society (Contributed)

The Missionary society of the First Congregational church, held its thank-offering meeting Monday afternoon, at the home of Mrs. E. P. Shipp, 302 Juniper street. The thank-offering service, arranged and published by the Woman's Board of Missions of the Interior, Chicago, was beautiful and impressive, enriched by the instrumental and vocal setting, carried out by Mrs. G. N. Babcock particularly by the rendering of the "Ninety-first Psalm," of James G. McDermont, it being a special number, also "I Know That My Redeemer Liveth" from the "Messiah" of G. F. Handel, which followed.

The thank-offering betokened the outflow of the soul toward the Lord of the harvest, which is indicated in the yearly thank-offering.

It is indeed true that the thank-offering is one of the most joyful of Christian privileges, as there seems to be a delicate distinction between this and the ordinary giving. The thank-offering is an answer, not to the question, how much owest thou my lord, but, what little thing beyond all demands of love and service can I do to express my delight in the work of God on earth. The thank-offering is not compulsory, it is not based upon the amount of one's possessions, but upon the teaching of Divine Truth, "As every man purposeth in his heart, so let him give," and little or much, it means gladness and gratitude for home blessings, for fresh glimpses of truth and foretastes of heaven, for new inspirations, for an increasing sense of God's nearness, for every mercy of the outward or inward life. But the missionary thank-offering means more than this as it speaks of answers to the daily prayer, Thy Kingdom come. A stimulus was given the Missionary society by the interest manifested by those who unable to be present, sent their offering.

A social hour followed at which a pleasant feeling of fellowship prevailed and Mrs. Babcock, in her usual gracious manner, gave several delightful songs, which were greatly enjoyed and sincerely appreciated by her audience. The ladies of the Missionary society served refreshments, the Hayden company furnishing the ice cream.

The thank-offering will be given to the reconstruction fund, which calls for extra gifts, above the church apportionment, and will be credited to the W. B. M. I. society and also to the First Congregational church if desired.

PERSISTENCY WINS

George D. Gorman of John Leslie Paper Co. Minneapolis, Keeps Eye Open for Ducks (Walker Pilot)

Persistence always wins. George D. Gorman, salesman for the John Leslie Paper company, Minneapolis, after spending two or three days on the south arm of Leech lake in an attempt to get his allotted share of ducks, left for Brainerd Monday to sell some paper. From the train that morning he noted that Ten Mile lake was full of them and Wednesday morning he hid himself in a blind near Ten Mile station. He got the day's limit there in short order and returned to Walker Wednesday night well satisfied with the Walker district for duck shooting. If Mr. Gorman is as persistent in selling paper as he is in getting his share of ducks the John Leslie company has a valuable man. And they have.

Solitude.

What period do you think I recall most frequently and most willingly in my dreams? Not the pleasures of my youth; they are too rare, too much mingled with bitterness and now too distant. I recall the period of my seclusion, of my solitary walks, of the fleeting but delicious days that I have passed entirely by myself, with my beloved dog, my old cat, with the birds of the field, the birds of the forest, with all nature and her inconceivable Author.—Rousseau.

Life Not Merely Lapse of Years.

The mere lapse of years is not life. To eat and drink and sleep; to be exposed to the darkness and the light; to pass round in the mill of habit; and turn the wheel of destiny; to make reason our bookkeeper and turn thought into an implement of trade—this is not life. In all this, but a poor fraction of the consciousness of humanity is awakened; and the soul still slumber which make it most worth while to be.—James Martineau.

The Orchis.

Coming upon the snowy splendid orchis, alone in the dark shades of the August woods, I have felt as if intruding upon the privacy of a queen, and retreated with the obedience due to royalty.—C. G. Whiting.

DISTRICT COURT PROCEEDINGS

Case of Pascoe vs Ekkela, Involving Damage Claimed for Auto Collision, on Trial

BEFORE JUDGE B. F. WRIGHT

Grand Jury at Work, but Has Not Made Public Any Indictments—Court Cases Continued

In district court before Judge B. F. Wright the case of William Pascoe vs. Ludwig Ekkela, an appeal from the Crosby municipal court, is on trial. D. E. McAlpine is attorney for the plaintiff and Severance & Severance for the defendant.

The case resulted from a collision between Ekkela's Ford and Pascoe's Studebaker on a sharp curve of the Lake Shore drive in Crosby on April 14, 1919. Pascoe claimed \$116.39 damages and Ekkela \$72. The municipal court found neither entitled to damages and held each was going over 6 miles an hour on the curve.

The grand jury, in session since Tuesday morning, has made no report on cases.

Cases continued in district court are Robert Archibald vs. Village of Crosby; Andrew Swanson vs. C. A. Rudd; Otto Gartner, guardian ad litem for Hans Gartner, minor, vs. Thos. A. Gatten et al.

In the case of H. E. Geisel, doing business as Northern Cigar Co. vs. S. T. Shankle, a motion to dismiss the appeal was heard. The motion was granted, the appeal dismissed on the grounds of defective affidavit.

The case of the Royal Bank of Canada vs. Carl Adams was continued. In the State vs. Bob Kapetonovich, a motion to dismiss the appeal was granted and judgment of the lower court affirmed.

In the state vs. Frances Radesovich, a motion to dismiss was granted. The court room baiff is Claude C. Lindsey. The baiff in charge of the grand jury is W. W. Winter.

DEERWOOD

Deerwood, Minn., Nov. 4—John Torgerson, Deerwood pioneer, died of a paralytic stroke. Funeral services were held Monday afternoon, Rev. E. R. Koren of Brainerd officiating.

Enock Wick was in town from Duluth.

J. H. Myers went to Ashland, Wis., on business.

William C. Childs was at Brainerd Monday.

Mrs. Arthur Peterson and little daughter Mabel of Brainerd visited her parents, Mr. and Mrs. Christ Olson.

B. Maguffin, Jr. and Oliver Adams were duck shooting near Perham.

Knappe's orchestra played at "Hearts of the World" at the New Grand theatre in Crosby.

Arthur Carlson, Wilson Bradley and Frank Freeman were duck hunting.

The reopening of the Deerwood library has been postponed until the building is put in shape.

The Ladies Aid of the Norwegian Lutheran church was entertained by Mrs. P. Christensen and Mrs. M. Ness.

The October snow has stayed over and received a covering of November snow.

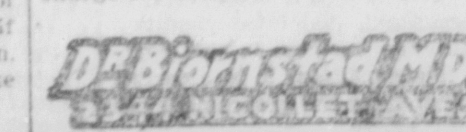

Civic league members were entertained at luncheon Tuesday afternoon by Mrs. B. Maguffin, Jr. The regular monthly business meeting followed.

MAY EXTEND SUGAR CONTROL FOR YEAR

Bill Proposing Step Reported to Senate for Early Action—Shortage 2,000,000 Tons

Washington, Nov. 3.—The bill proposing continuation of Federal control over sugar during 1920 was reported today to the senate and placed on the calendar with a view to early action.

In the majority report Senator McNary, republican, Oregon, author of the bill and chairman of the senate agriculture subcommittee which investigated the sugar shortage, declared "a serious situation will ensue" if the sugar equalization board's control over sugars is discontinued.

Minority views, presented by Senator Ransdell, democrat, Louisiana, expressed agreement in the plan to continue the sugar board, with authority for its purchase of Cuban sugar, but opposed giving the board power to buy and sell domestic sugar

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

PROPOSE TWO NEW CABINET MEMBERS

BILLS INTRODUCED PROVIDING FOR SECRETARIES OF EDUCATION AND AERONAUTICS.

FRIENDS OF BOTH ARE BUSY

Sentiment for the Former Revives the Often-Urged Plan for the Establishment of a National University in Washington.

By JAMES P. HORNADAY.

Washington.—Two additional members of the president's cabinet are proposed in bills pending in congress. A measure introduced in duplicate, in the senate by Hoke Smith (Dem.), Georgia, and in the house of representatives by Horace M. Towner (Rep.), Iowa, provides for the establishment of a department of education with a secretary in the cabinet and authorizes the appropriation of \$100,000,000 by the federal government to encourage the states in promotion of education. A bill introduced in the senate by Harry S. New (Rep.), Indiana, provides for the creation of a department of aeronautics, with a secretary in the cabinet. This bill has not thus far been introduced in duplicate in the house nor does it ask for an appropriation beyond the maintaining of a new department. If these two proposed departments should be created the cabinet would be increased to twelve.

Congress will not make up its mind about these bills until the regular session which will begin the first Monday in December. It is too busy now dealing with what might be called emergency legislation to give serious consideration to these proposals. In the meantime the friends of each of these bills are endeavoring to create sentiment in their favor. The National Education association is lending its support to the Smith-Towner measure, and many prominent educators in various sections of the country are taking the pains to let their senators and representatives know that they would like to see a department of education established.

Federal Control Has Been Feared.

It is not the first time that a bill to create a department of education has been introduced in congress. For the last ten or fifteen years there has been more or less agitation from time to time in favor of a secretary of education, attached to the president's cabinet. Congress in the past has been disinclined to create this new department because of the representation made to it from some quarters that the creation of such a department would be the first step toward federal control of education in the United States. Much of the argument that is now put out in support of this new department is designed to show that the creation of such a cabinet office would not take the control of education away from the states.

One of the new arguments in favor of a department of education is that since the government has embarked on the enterprise of vocational education in a large way there should be a department devoted exclusively to education. In this connection there has recently been a revival of the agitation in favor of a national university here at Washington. This, too, is a proposed enterprise that has been brought forward for the consideration of congress many times during the last twenty-five years. Several times within that period the legislative body has apparently been on the verge of voting a large sum of money for the establishment of such an educational institution, but the scheme has always failed.

War Department Against New's Bill. As to the second proposal before congress, that for the creation of a department devoted to the air service, it has to begin with the backing of the senate committee on military affairs, which is the one agency in congress that has devoted special attention to the air service during the last two years. The war department has not approved the bill introduced by Senator New. Secretary of War Baker and the general staff believe that the war department will fare better if its air service shall be maintained as a branch of the existing war organization.

The chief argument put forth in support of a department of aeronautics with a cabinet officer in charge is that under the present arrangement the airplane industry is put to a disadvantage because there is no single governmental head with which it can deal. At present there is an airplane service maintained by the war department, the navy department, and the post office department. There is no connection between these three services. It is argued that not only should the air service of the army and navy be under one head, but the air service of the post office department should be maintained under the one central authority governing the army and navy services. The senate military affairs committee in favoring a department of aeronautics is making the point that the United States is rapidly falling behind most of the countries of Europe in airplane development. This is due, it is asserted, to the disorganized, disjointed condition of the airplane business in this country and this condition, it is asserted, has resulted from the government not having any policy.

A Message for the Middle-Aged

Foley Kidney Pills give quick relief from kidney or bladder troubles that have not reached a chronic or bad stage. They stop bladder irregularities, strengthen the kidneys and tone up the liver. Don't suffer when relief can be had. Get rid of backache, lameness, rheumatic pains, and stiff joints. H. P. Dunn. mwf

Will Preside Over Very Important Convention of the Hobo's League

Many intricate problems will be considered at the forthcoming annual convention in New York City of the American Hobo's League, over which Jack Davis, "King of the Hoboes" will preside.

One weighty question has to do with the new style day coaches and Pullmans designed with the heartless purpose of making "beating it" very uncomfortable for knights of the road.

Easier Now Than Later

It is easier to break up a cold or check a cough now than it will be later. Persistent coughs that "hang on" winter pave the way for serious throat and lung diseases. L. W. Day, 65 Campbell Av., E. Detroit, Mich., writes: "Foley Honey and Tar relieves one of bronchitis very quickly." H. P. Dunn. mwf

Smock and Hatband to Match.

If you wish to make an otherwise miscellaneous costume harmonious, trim your smock in blanket stitch in lavender and use the same decoration for your hat, adding to both an applied design of leaves made of lavender or several smaller motifs will suit this scheme.

Two Important Questions.

No questions are of greater importance to the family than the water supply and the disposal of its sewage. The prospective builder should make certain that these problems are solved before he does anything else, for they lie at the foundation of the entire household's health and comfort.

Who Said Dyspepsia?

A Stuart's Dyspepsia Tablet After a Hearty Meal Makes You Feel at Ease—Avoid Gas, Belching, Sour Risings or Other Such Troubles From Indigestion

Food prices are high, but if the stomach is weak with dyspepsia, the burden is doubled. The point is to

"Cleaned Up a Square Meal and it's a Stuart's Dyspepsia Tablet for All-round Stomach Comfort"

enjoy the meal without distress—no pay for food only to suffer. The best plan is to eat what you like best and follow with a Stuart's Dyspepsia Tablet. Thus you satisfy your appetite, taste and stomach, you get nourishment from what you may have thought was indigestible, without sour risings, belching of wind or lozy, lazy feeling.

To thus be a free lance in eating palatable food, to make all the good things of the table your favorites is getting away from a sort of bondage that holds a host of men and women in the grasp of dyspeptic fear.

Get a box of Stuart's Dyspepsia Tablets from any druggist in the United States or Canada and have no fear of food, fried or otherwise.

Will Nuxated Iron Help Men Of Today Gain Strength And Endurance Like Athletes of Old?

Physician Says "Yes"—Cites Case of

Jack Dempsey, Heavyweight Champion of the World

Who Used Nuxated Iron as a Part of the Training Which Gave Him Such Marvelous Physical Development that He Was Able To Whip The Mighty Jess Willard—

To every man who lacks physical strength and energy there comes a longing at times to possess the power and endurance of an athlete, yet they go on struggling through life weak, nervous and run-down, when in reality their trouble may be nothing more than lack of sufficient iron in the blood.

Had they not kept their blood rich in iron the athletes of old might never have achieved such fame, is the opinion of Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, who believes that modern men who are fagged out by worry, work and other strains might readily build up their strength, energy and endurance by increasing the supply of iron in their blood.

As an example of the superb physical condition that may be obtained by a man of today who follows proper methods of living and who keeps his blood filled with strength-giving iron, Dr. Sullivan cites the case of Jack Dempsey, who used Nuxated Iron as a part of the training which gave him such marvelous development that he is now recognized as the Superman of the Age and perhaps the superior of any famous athlete of ancient times. In connection with his use of Nuxated Iron, Dempsey says: "Nuxated Iron put added power behind my punch and helped me to accomplish what I did at Toledo. From the results in my own case, where the possession of super endurance is necessary, I feel that I am in a position to strongly recommend Nuxated Iron to every man and woman who wants to build greater strength, energy and power."

In commenting on the foregoing statement made by Dempsey, Dr. Sullivan says: "It should occur to every thinking person that if a man as physically fit as Dempsey should consider it advisable to take Nuxated Iron, how much more important it is for the average man or woman to see that there is no lack of iron in the blood. In my opinion, the men of today who want to be strong, sturdy and successful must either live more as did the athletes of old or else simply the iron deficiency in their blood by taking three times per day, after meals, for two some form of organic iron—Nuxated Iron. I have used Nuxated Iron in my practice and I and see for yourself how much you have known of nothing more effective for building gain. Many an athlete of prize fighter

The coarse foods and rigorous methods of living practised in ancient times made rich red blood for the men whose feats of strength and endurance won fame for them through the ages. Today modern methods of cookery extract much of the natural iron from our blood and this, coupled with the more rapid pace at which we live, make it necessary in our present age to supply the iron deficiency thus caused by taking some form of organic iron—Nuxated Iron—so as to build up a race of sturdy, red-blooded men.

up the system and increasing the red blood corpuscles, thereby enriching and fortifying the blood against the ravages of disease." If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day, after meals, for two weeks. Then test your strength again and see for yourself how much you have gained. Many an athlete of prize fighter
